SUBJECT-PHYSICAL EDUCATION

Grade 2: Lesson Plans & Learning Outcomes		
Lesson	Name	Learning Outcomes
<u>FIRST TERM :(APRIL - AUGUST)</u>		
S2.1	Know the Props	The purpose of this activity is to help children get a feel for all the age-appropriate props; allow children to be creative and innovative; develop a sense of sharing.
S2.2	Chase, Dodge and Flee	Chasing, fleeing and dodging are complex skills, where in you need to combine the basic skill of running, with speed, space awareness, levels, relationship with other people and objects. As children grow they are ready to learn more complex skills.
S2.3	Parachute Activity 1	Parachute is a fun prop used to develop team play and cooperation. We introduce more complex formations with the Parachute which require a lot more cooperative action between the children.
S2.4	Football – Stopping the ball	To teach children to move and stop a ball with their feet. A great way to learn foot eye coordination and also ball control.
S2.5	Introduction to Physical Fitness – Strength and Flexibility	Physical fitness is a term used for overall fitness of the body. Children need to understand early on the meaning of physical fitness, its significance and how to maintain it for life. We start with introduction to physical fitness and two of its important components Strength and Flexibility.
S2.6	Football - Dribbling	Dribbling is a very important skill in football where children learn to run with the ball keeping the ball close to them. Children practice dribbling with feet.

S2.7	Introduction to Physical Fitness – Aerobic and Anaerobic	The next two components of physical fitness are aerobic ability and anaerobic capacity. Anaerobic capacity is basically endurance which is built through activities such as long distance running, swimming and cycling. These are activities which help keep the heart healthy.
S2.8	Horse Gallop	To teach children the locomotor skill of galloping. Galloping strengthens the leg muscles.
S2.9	Physical Fitness Test	To introduce the various physical fitness test components and prepare the children for the fitness test.
<u>SECOND TERM :(SEPTEMBER - DECEMBER)</u>		
S2.10	Micro event - 1	To showcase balancing, jumping, galloping, sliding and running skills
S2.11	Toss and Catch	To practice the skills of tossing and catching.
S2.12	Hungry Crabs	To help improve upper body strength and endurance.
S2.13	Hoop-a-loop	Dribbling with the hands is an important Basketball skill. Children learn the correct techniques of dribbling skills by focusing on the cue of “finger-pads”.
S2.14	Dance to the Rhythm	To develop coordinated body movements.
S2.15	Strike a Ball	To practice the basic skill of striking. Eye hand coordination is focus here.
S2.16	Standing Kho-Kho	Kho Kho is a great Indian game which develops physical fitness as no other sports does. It has focus on all components of physical fitness. Children learn this fun Indian sport and enjoy the high energy team game.
S2.17	Micro event - 2	To showcase dribbling skills
S2.18	Underhand Throwing and Catching with Ball	To practice the skill of underhand throwing and catching with ball.
<u>THIRD TERM :(JANUARY - MARCH)</u>		
S2.19	Twist, Turn, Hop and Clap	To develop coordinated body movements. Turning, twisting, hopping are skills which are essential to build body flexibility and balance. These are also great ways to get to know your body and what it is capable of doing.
S2.20	Parachute Activity 2	Parachute is a fun prop used to develop team play and cooperation. We introduce more complex formations with the Parachute which require a lot more cooperative action between the children.
S2.21	Monster in the Forest	To maintain ball control while using finger pads to dribble around in general space, and keep the ball at waist level.
S2.22	Body Toss	To practice the skill of underhand throw, focusing on cues, targeting various body parts to shoot at, so as to improve accuracy.
S2.23	Zigzag Roll	To learn weight transfer and balancing. This lesson focuses on frog jumps, log rolls, egg roll. These are fun activities that children love to do at this age.
S2.24	Ball Round Up	To improve foot eye coordination with a fun game of kicking the ball and targeting to collect the herd in their barn.
S2.25	Micro event - 3	To showcase lower body agility and control

S2.26	Simon Says	To practice focusing on various movements and commands in a random order. Responding to instructions is something one needs to develop in school. Simon says is a fun game where your attention and responsiveness is tested well.
S2.27	Lagori	Again a fun Indian game, which focuses on a good hand eye coordination and a lot of running, dodging and fleeing.
